[REDACTED] SECRET

5. [REDACTED] Met with Dorothy Fosdick, Professional Staff Director, Permanent Subcommittee on Investigations, Senate Government Operations Committee, in connection with the upcoming vote on S. 846. Fosdick said that Senator Henry M. Jackson (D., Wash.) had committed a vote against the bill and I told her that I just wanted to make sure that they are aware of the importance of the intelligence collection capabilities. At her request, I left with her the classified Aide Memoir.

In connection with the follow-up items from Mr. Zellmer's, DDS&T, briefing of 12 May on ~~Soviet hardware~~, Fosdick deferred to Richard Perle, of the Subcommittee staff, who was out ill, as he has been delegated responsibility in these areas. I will check back on Perle's availability.

12. [REDACTED] In the absence of Representative Paul McCloskey (R., Calif.), left with Julie Pineau, Secretary, a copy of the OCI publication of the Merchant Marine fleet. I told her that we had been in contact with [REDACTED] at Mr. McCloskey's request but that Mr. [REDACTED] had no independent knowledge of the [REDACTED] incident, that he had checked it with several colleagues who were there at the time and that they had no recollection, and finally that [REDACTED] had no idea what Ambassador Godley meant by "I am unaware of the situation." Ms. Pineau said she would pass this on to the Congressman but felt it would be helpful if we closed the matter out in writing.

Ms. Pineau asked for an additional copy of the Food Production booklet, which we will provide. Mr. McCloskey believes it is an outstanding study.
